The UK's largest specialist designer and manufacturer of AC/DC motors and gearboxes, sub 1kW, for industrial and commercial application

www.parvalux.com

Founded in 1947, as one of the UK's first manufacturers of small electric geared motors, Parvalux has built a reputation for offering one of the worlds most extensive and reliable ranges of customisable DC and AC geared motor units for industrial and commercial application.

Today Parvalux offers over 5000 products, and remains a privately run business with distributors around the world.

Our UK production facility underpins our commitment to supply a product that is engineered to last. Every unit comes with minimum 2 year warranty, undergoing thorough production-line testing before it is dispatched.

Approvals:

- ISO 9001:2000 quality management system certificate number FM 548688
- Calibration system complies to EN30012; internal audit system to EN30011
- Electromagnetic Compatibility (EMC) directive 2004/108/EC
- Low voltage directive 2006/95/EC; motors meet EN60204-1; and are CE marked
- CSA or UL approved motors and parts are available on request
- All products are compliant with RoHS directive 2002/95/EC
- Medicines and Healthcare products Regulatory Agency (MHRA) line approval

EMD DRIVE SYSTEMS

In 2008 Parvalux acquired OEM solutions specialist EMD Drive Systems.

RE90-146GB12 'rare-earth' unit for floor cleaning application

Bespoke designed high-load unit for stair lift application

Designed for application OEM solutions

PM63-50GB9 robust unit for wheelchair application

PM50-63GB11 lightweight plastic unit for golf trolley application

American National Accreditation Board and British Standards Institute

STANDARD PRODUCT RANGE

Unrivalled range of over 5000 standard motor-gearbox configurations

PRODUCT MODIFICATION

Take any one of our standard products and specify it to fit your application. Choose from a range of standard options or specify your own alterations.

Customers are invited to consider specifying any number of modifications to realise their preferred solution. Whether this means modifying a gearbox output shaft or winding a fully-customised, application-specified unit: our engineers can deliver the required solution often at no extra charge.

NEW PRODUCT DESIGN

Realise your preferred application solution with a bespoke product that meets your precise mechanical, electrical and environmental requirements.

Why design your application around our products, when we can design our products around your application? For over sixty years we have been a systems partner in the development of thousands of new products and applications, often providing our services at no extra charge.

FACTS: The longest recorded lifetime of a Parvalux motor-gearbox is 36 years | our UK facility produces one finished product every 22 seconds | we have an installed base of approximately 15 million units around the world | we make over 5000 standard products | we design, prototype and manufacture bespoke motor-gearbox solutions for OEM customers

:: Geared Motors ::

We offer one of the world's most extensive ranges of motors and gearboxes, with literally millions of combinations. From design through to production we have a truly unique delivery capacity: one unit through to thousands. New products are constantly in development to ensure that we continue to offer such choice and flexibility to our customers.

:: Legendary Reliability ::

Parvalux have been engineering reliability into every product for over sixty years. From the very first motor assembled to present day production, all our products, even through re-design and technical innovations, remain interchangeable with their counterparts, thus ensuring a lifetime of continuity as well as reliability.

:: Totally Customisable ::

Our products enable our customers to make the machine they want, not dictate how they do it. We have built an enviable reputation in providing bespoke designed geared motors. Our responsiveness in providing customised products in small or vast quantities at globally competitive prices is, we believe, unmatched.

Parvalux is a member of the REMA, the UK's professional association of electric motor manufacturers
