Odisea Joya
Espíritu innovador en una colección de griferías con historia.
The spirit of innovation in a historic tapware collection.

Odisea Joya presenta un diseño excepcional, un cuerpo cilíndrico con una base en forma de faldón y un caño cilíndrico y fino, con una singular inclinación para una salida del agua más precisa y controlada. El mando es uno de sus elementos más característicos, gracias a sus dimensiones controladas y a su manecilla redondeada con una muesca en su extremo.

El cuerpo de Odisea Joya expresan movimiento y dinamismo, cualidades propias de la arquitectura contemporánea que recuerdan a obras como el "Edificio Chrysler" en Manhattan, de William Van Alen, o la torre "30 St Mary Axe" en Londres, de Norman Foster. Un diseño inspirado en la reconocida serie Joya, creada en 1968 por el mismo Ramon Soler Roger, fundador de Ramon Soler.

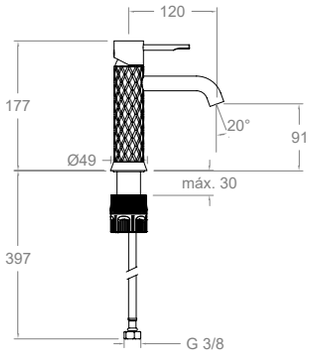

Odisea Joya has an exceptional design consisting of a cylindrical body with a flared base and a slim, cylindrical shaft with a singular inclination for a more precise, controlled water flow. The handle is one of its most characteristic elements, thanks to its controlled dimensions and its rounded lever with a notch at the end.

The body of the Odisea Joya express movement and dynamism, qualities of modern architecture that remind us of structures such as the "Chrysler Building" in Manhattan, by William Van Alen, or the "30 St Mary Axe" Tower in London, by Norman Foster. It has a rhomboid design, inspired by the famous Joya series created in 1968 by Ramon Soler Roger, the founder of Ramon Soler.
